

Quick Overview: The Action on August 1, 2025

“QUERDENKEN. We are back.” – A birthday gift to yourself.

What’s it about?

On **August 1, 2020**, more than a million people gathered peacefully in Berlin – for truth, freedom, and self-determination. This day became the most visible moment of the QUERDENKEN-711 movement.

On **August 1, 2025** – five years later – we want to make this moment **visible again**.

Digital, decentralized, and connecting.

The Action

Everyone who was there in August 2020 is invited to post **videos, photos, or memories** on August 1, 2025, using the hashtags **#AUGUST2020** and/or **#QUERDENKEN**.

This will create a **digital wave** showing:

- How many we were
- How peaceful the protest was
- That we’re still here – awake, courageous, united

Theme: “QUERDENKEN. We are back.”

How it works

- Personal video statement (30–60 seconds)
- Reposting your own photos/videos from August 1 or August 29, 2020
- Hashtags: `#AUGUST2020`, `#QUERDENKEN`, `#B0108`, `#WeWereMillions`
- Public figures are also posting statements

Why it matters

- **Emotional:** People remember the courage, connection, and light.
- **Documentary:** The true scale of the protest becomes visible – beyond media distortion.
- **Connecting:** The movement reconnects – open to new paths.
- **Legally safe:** No protest call. No risk. Just memory, truth, and presence.

Purpose of the Campaign

- **Truth** – many videos and images were deleted by digital platforms under censorship rules. Will it happen again? Truth is the daughter of time.
- **Remembrance** of what was possible – and what can be possible again
- **Motivation** for those who now find the courage to become visible once more
